**POSITION PURPOSE**
To provide quality customer service and assistance, disseminate information by responding to phone calls, monitoring two-way radio transmissions and intercom equipment, conducting video surveillance and properly documenting work orders and other activities. This position is a front line responder and is a direct link to the parking supervisors and parking attendants.

**ESSENTIAL JOB FUNCTIONS**
- Accept incoming calls for parking assistance. Answer and direct emergency calls to Public Safety.
- Answer calls for battery jumps, lockouts, motor assists and other non-emergency services.
- Monitor the Parking Department’s radio frequency and respond as required.
- Provide parking personnel and customers with complete and accurate information.
- Provide on-campus directions to customers. Perform general office duties as assigned.
- Document information via proper forms and/or using selected computer programs.
- Perform data entry into work order system. Maintain logs as required.
- Research customer issues via computer programs, video review and other methods.
- Open gates remotely to allow customers in and out of parking facilities, as needed.
- Assist Public Safety with camera/video review and possible investigations.
- All Parking Command Center Controllers are considered to be “Essential Personnel,” and are required to report during a university emergency closure period.
- Perform related work as assigned.

**ADDITIONAL COMMENTS**
This classification level requires the use of multiple communication systems (e.g., phone, intercom, two-way radio, video) in order to receive and disseminate information pertaining to parking lot activities. Work activities necessitate the ability to communicate effectively when dealing with the general public, students and University personnel. Position duties require the incumbent to continuously monitor equipment in order to provide quality customer assistance.
