Nomination Format

"Elijah (person and/or team) did/said _____ (behaviors), which allowed _____ (positive impact for me, team, WSU, local/global community)"

Example Nomination

"[Name] is truly a person who cares about others. Long before the pandemic, he has always shown a genuine interest in getting to know you as a person, not just a coworker - he remembers your kids' names and that you play tennis. He makes a real connection that never has another motivation to it. We have been working on campus right through COVID and everyone has been feeling stressed. [Name] has helped to keep our spirits up and that has made a difference for me and many others during a very difficult time."

*Think "Quality" not just "Quantity"

Reflect on how strongly this person and/or team exhibits the behaviors above and the nature of the positive impact on others to decide if they should receive a certificate of recognition only or are also deserving of an annual award. While nominees at this level of excellence typically 'check off many boxes,' the *quality* of two or three behaviors or a broader impact could be as important as the *quantity* of boxes checked.
