Legal Notices

Women's Health and Cancer Rights Act

If you have had or are going to have a mastectomy, you may be entitled to certain benefits under the Women's Health and Cancer Rights Act of 1998 (WHCRA). For individuals receiving mastectomy-related benefits, coverage will be provided in a manner determined in consultation with the attending physician and the patient for: All stages of reconstruction of the breast on which the mastectomy was performed; Surgery and reconstruction of the other breast to produce a symmetrical appearance; Prostheses; and Treatment of physical complications of the mastectomy, including lymphedemas.

These benefits will be provided subject to the same deductibles and coinsurance applicable to other medical and surgical benefits provided under each of the university-sponsored medical plans.

Creditable Coverage Notice (Medicare Part D)

If you are age 65 or older or Medicare eligible due to end-stage renal disease or due to other disability, please read this notice carefully. This notice has important information about your current prescription drug coverage with Wayne State University and prescription drug coverage available for people with Medicare.

1. Medicare prescription drug coverage became available in 2006 to everyone with Medicare through Medicare prescription drug plans and Medicare Advantage Plans that offer prescription drug coverage. All Medicare prescription drug plans provide at least a standard level of coverage set by Medicare. Some plans may also offer more coverage for a higher monthly premium.
2. Wayne State University has determined that the prescription drug coverage included in the WSU medical insurance plans is, on average for all plan participants, expected to pay out as much as the standard Medicare prescription drug coverage will pay and, therefore, is considered creditable coverage.

Because you currently have creditable prescription drug coverage through a WSU medical insurance plan as a covered employee or spouse, you do not need to enroll in Medicare prescription drug coverage at this time.

Please be aware if you drop or lose your WSU medical insurance coverage and don't enroll in Medicare prescription drug coverage after your WSU coverage ends, you may pay more to enroll in Medicare prescription drug coverage later. If you go 63 days or longer without prescription drug coverage that's at least as good as Medicare's prescription drug coverage (e.g. considered creditable coverage), your monthly premium for a Medicare prescription drug plan will go up at least 1% per month for every month that you did not have that coverage. For example, if you go nineteen months without coverage, your premium will always be at least 19 percent higher than what most other people pay.

You'll have to pay this higher premium as long as you have Medicare coverage. In addition, you may have to wait until the following October to enroll.

If you become a WSU retiree, what are your options under the WSU medical insurance plan?

1. You can elect WSU retiree medical insurance coverage and NOT enroll in Medicare Part D.

Since WSU medical insurance coverage is, on average, at least as good as standard Medicare prescription drug coverage, you can elect to keep your WSU coverage and not pay extra if you later decide to enroll in Medicare prescription drug coverage. Each year from October 15 through December 7, you will have the opportunity to enroll in a Medicare prescription drug plan. However, if you lose your current creditable prescription drug coverage, you will also be eligible for a two-month Special Enrollment Period to join a Medicare prescription drug plan. Please note you cannot have both WSU medical insurance and a Medicare prescription drug plan. The WSU medical insurance plans do not coordinate with the Medicare prescription drug plans.

2. You can choose not to elect WSU retiree coverage AND enroll in alternative medical and prescription coverage (e.g., a Medigap plan and a Medicare prescription drug plan, or a Medicare Advantage plan).

If you decide to enroll in a Medicare prescription drug plan, you and your eligible dependents will not be eligible for WSU medical insurance coverage. You will want to consider a Medigap or Medicare Advantage plan to replace your WSU coverage. If your spouse is not enrolled in Medicare, you will need to purchase alternative coverage (e.g., individual coverage) for your spouse.

If you choose **not** to continue WSU retiree coverage and change your mind at any time in the future, you may re-enroll in WSU coverage during our annual retiree Open Enrollment in November/December with coverage effective the following January 1. However, you **MUST** dis-enroll from any Medicare prescription drug plan. WSU medical insurance plans do not coordinate with Medicare prescription drug plans.

For more information about this notice or your current coverage: If you would like more information about this notice or your current coverage, contact the HR Service Center at 313-577-3000.

You may receive a creditable coverage notice at other times in the future such as before the next period you can enroll in Medicare prescription drug coverage, and if this coverage changes. You may also request a copy from the department of Total Rewards.

For more information about your options under Medicare prescription drug coverage: More detailed information about Medicare plans that offer prescription drug coverage will be available in the “Medicare & You” handbook. You may receive a copy of the handbook in the mail from Medicare. If not, you can request a copy by calling Medicare at 800-633-4227. You may also be contacted directly by Medicare prescription drug plans. You can also get more information about Medicare prescription drug plans from the following sources:

- Visit [medicare.gov](https://www.medicare.gov) for personalized help.
- Call your State Health Insurance Assistance Program (see your copy of the Medicare & You handbook for their telephone number).
- Call 800-MEDICARE (800-633-4227). TTY users should call 877-486-2048.

For people with limited income and resources, extra help paying for a Medicare prescription drug plan is available. Information about this extra help is available from the Social Security Administration (SSA). For more information about this extra help, visit SSA online at [socialsecurity.gov](https://www.socialsecurity.gov) or call them at 800-772-1213 (TTY 800-325-0778). Remember: Keep this notice. If you enroll in one of the plans approved by Medicare which offer prescription drug coverage, you may be required to provide a copy of this notice when you join to show that you are not required to pay a higher premium amount.

Notice of Availability of Notice of Privacy Practices

The Wayne State University group health plan (the “Plan”) maintains a Notice of Privacy Practices that provides information to individuals whose protected health information (PHI) will be used or maintained by the Plan. If you would like a copy of the Plan’s Notice of Privacy Practices, contact the HR Service Center at 313-577-3000.

Newborns’ And Mothers’ Health Protection Act (NMHPA) Notice

Group health plans and health insurance issuers generally may not, under Federal law, restrict benefits for any hospital length of stay in connection with childbirth for the mother or newborn child to less than 48 hours following vaginal delivery, or less than 96 hours following a cesarean section. However, Federal law generally does not prohibit the mother’s or newborn’s attending provider, after consulting with the mother, from discharging the mother or her newborn earlier than 48 hours (or 96 hours as applicable). In any case, plans and issuers may not, under Federal law, require that a provider obtain authorization from the plan or the insurance issuer for prescribing a length of stay not in excess of 48 hours (or 96 hours).

HIPAA Notice of Special Enrollment Rights

If you are declining enrollment for yourself or your dependents (including your spouse) because of other health insurance or group health plan coverage, you may be able to enroll yourself and your dependents in this plan if you or your dependents lose eligibility for that other coverage (or if the employer stops contributing towards your or your dependents’ other coverage). However, you must request enrollment within 30 days after your or your dependents’ other coverage ends (or after the employer stops contributing toward the other coverage).

In addition, if you have a new dependent as a result of marriage, birth, adoption, or placement for adoption, you may be able to enroll yourself and your dependents. However, you must request enrollment within 30 days after the marriage, birth, adoption, or placement for adoption.

To request special enrollment or obtain more information, contact the department of Total Rewards.

The Children's Health Insurance Program Reauthorization Act of 2009 added the following two special enrollment opportunities:

- The employee's or dependent's Medicaid or CHIP (Children's Health Insurance Program) coverage is terminated as a result of loss of eligibility.
- The employee or dependent becomes eligible for a premium assistance subsidy under Medicaid or CHIP.

It is your responsibility to notify the department of Total Rewards within 60 days of the loss of Medicaid or CHIP coverage, or within 60 days of when eligibility for premium assistance under Medicaid or CHIP is determined. More information on CHIP is provided below.

Premium Assistance Under Medicaid and the Children's Health Insurance Program (CHIP)

If you or your children are eligible for Medicaid or CHIP and you're eligible for health coverage from your employer, your state may have a premium assistance program that can help pay for coverage using funds from their Medicaid or CHIP programs. If you or your children aren't eligible for Medicaid or CHIP, you won't be eligible for these premium assistance programs but you may be able to buy individual insurance coverage through the Health Insurance Marketplace. For more information, visit [healthcare.gov](https://www.healthcare.gov).

If you or your dependents are already enrolled in Medicaid or CHIP and you live in a State listed on pages 10-11, contact your State Medicaid or CHIP office to find out if premium assistance is available.

If you or your dependents are NOT currently enrolled in Medicaid or CHIP, and you think you or any of your dependents might be eligible for either of these programs, contact your State Medicaid or CHIP office or dial 877-KIDS-NOW or visit insurekidsnow.gov to find out how to apply. If you qualify, ask your state if it has a program that might help you pay the premiums for an employer-sponsored plan.

If you or your dependents are eligible for premium assistance under Medicaid or CHIP, as well as eligible under your employer plan, your employer must allow you to enroll in your employer plan if you aren't already enrolled. This is called a "special enrollment" opportunity, and you must request coverage within 60 days of being determined eligible for premium assistance. If you have questions about enrolling in your employer plan, contact the Department of Labor at askebsa.dol.gov or call 866-444-EBSA (3272).

Coverage Under Michigan's Abortion Insurance Opt-Out Act

Fully insured plans in Michigan can no longer cover elective abortion unless a group rider is purchased. In order to maintain our current coverage under the Blue Care Network and Priority Health HMOs, elective abortions will be included as a rider. This rider applies to all plan participants enrolled in the Blue Care Network and Priority Health HMOs and cannot be declined on an individual basis. Your covered dependents may use this coverage without notice to you.

If you live in one of the states listed on the following pages, you may be eligible for assistance paying your employer health plan premiums. The following list of states is current as of January 31, 2023. Contact your State for more information on eligibility.
