

GLASSES.COM IS AN EASY WAY TO GET YOUR GLASSES ONLINE

GLASSES.COM™

1 FIND YOUR FRAMES

This may be the toughest part. Glasses.com features thousands of name-brand frames, so you'll have plenty of options to try on with the award-winning 3D virtual "try-on" technology.¹ You can shop for frames by collection or by brands.

FIND FRAMES

Try on as many styles as you like. They'll be rendered instantly in 3D.

SEE HOW YOU LOOK FROM ANY ANGLE

Strike a pose and see how you look from side to side.

NEED A SECOND OPINION?

Share your favorite choices on social media and get the opinions of family and friends.

2 SELECT YOUR LENSES

Glasses.com can make lenses for almost any prescription, including progressives and multifocals.

3 PROVIDE YOUR PRESCRIPTION

We make it a snap ... literally. Just snap a pic of your prescription with your smartphone, then text, email or upload a copy to Glasses.com. If you don't have your prescription, just provide your doctor's name and number and we'll get it for you.

4 CHECK OUT

Once you fill in all the essentials - name, address, credit card info (if you select a frame and options above your allowance and copays) - your EyeMed vision benefits will automatically be applied to your purchases.²

5 START ENJOYING YOUR NEW LOOK

We hope you love your new frames. If you need a frame adjustment, just visit any LensCrafters location and they'll take care of it for free.
