

Southeast MI Partners tiered network plan

Our Southeast MI Partners plan offers one of our lowest monthly premiums and gives you access to care at some of the nation's top health systems. Because this is a tiered network plan, you'll pay different deductibles and out-of-pocket costs for the same services performed by different tiers of providers.

It's to your advantage to receive care through a Tier 1 provider. Tier 1 providers offer high-quality care at a lower cost. Care outside of Tier 1, offers similar quality, but at a higher cost.

Tier 1 providers

Our Tier 1 health systems meet our rigorous quality standards and share our commitment to care management and coordination, which is proven to optimize health, eliminate avoidable costs and ensure the best care. Tier 1 providers include:

- Ascension St. John and Ascension Providence hospitals and select affiliated physicians
- Corewell Health in Southeast Michigan (formerly Beaumont Health) and affiliated physicians
- Detroit Medical Center hospitals and affiliated physicians
- Lake Huron Medical Center and affiliated physicians
- Michigan Medicine for non-primary care with referral only
- Trinity Health in Southeast Michigan and select affiliated physicians
- Statewide ancillary facilities in the Priority Health network, including:
 - Labs
 - Physical therapy
 - Radiology
 - Home health care
- All in-network pharmacies
- Emergency services

Tier 2 providers

Tier 2 consists of all non-Tier 1 providers currently covered under the Priority Health network.

Out-of-network:

- With an HMO tiered network solution, only services performed within the Priority Health HMO network are covered.
- With a POS tiered network solution, services within or outside of the Priority Health network are covered.

Managing your Southeast MI Partners health plan

- Sign up for your Priority Health member account at member.priorityhealth.com. You'll need your contract number, located on your member ID card. For information on the go, download the Priority Health mobile app from the App Store or Google Play.
- If you have a primary care physician (PCP), verify they are a Tier 1 provider through Find a Doctor using the instructions above. If they aren't identified as a Tier 1, consider switching to save on out-of-pocket costs.
- If you don't have a PCP, a Tier 1 provider will be auto-assigned to you.
- You don't need to get a referral to see a specialist or any Tier 2 provider.¹
- Remember, you'll pay less for care at Tier 1 providers. If you choose to go to Tier 2 providers, you'll have higher out-of-pocket costs.

If you have any questions about your plan, call the number on the back of your member ID card.

Through your member account you'll be able to:

- See what your deductible balance is and track it throughout the year
