Introduction to Your Plan

The Tax-Sheltered 403(b) Annuity and Custodial Account Retirement Program ("Plan") has been adopted by Wayne State University to provide eligible employees with the opportunity to save for retirement on a tax-advantaged basis. This Plan is a type of retirement plan known as a 403(b) plan. This Summary of Plan Provisions contains information regarding when employees other than part-time faculty may become eligible to participate in the Plan, the Plan benefits, distribution options, and many other features of the Plan. You should take the time to read this Summary to understand the features of the Plan. A separate Summary of Plan Provisions has been prepared for part-time faculty and is available from the Plan Administrator.

This Summary addresses the most common questions you might have regarding the Plan. If this Summary does not answer all of your questions, please contact the Plan Administrator or other Plan representative. The Plan Administrator is generally responsible for responding to questions and making determinations related to the administration, interpretation, and application of the Plan, unless those responsibilities have been delegated to other parties. The name of the Plan Administrator can be found at the end of this Summary in the Article entitled "General Information about the Plan."

This Summary describes the Plan's benefits and obligations as contained in the legal Plan document, which governs the operation of the Plan. The Plan document is written in much more technical and precise language and is designed to comply with applicable legal requirements. If the non-technical language in this Summary and the technical, legal language of the Plan document conflict, the Plan document always governs. If you wish to receive a copy of the legal Plan document, please contact the Plan Administrator.

This Summary describes the current provisions of the Plan. The Plan is subject to federal laws, the Internal Revenue Code, and other federal and state laws which might affect your rights. The provisions of the Plan are subject to revision due to a change in laws or due to pronouncements by the Internal Revenue Service (IRS). Your Employer may also amend or terminate this Plan. The Plan Administrator will notify you if the provisions of the Plan that are described in this Summary change.

Investment arrangement. The investment products you select (known as investment arrangements) may also affect the provisions of the Plan. In some cases, the investment arrangements may limit your options under the Plan. This Summary does not address the provisions of the various investment arrangements. You should contact the investment provider or the Plan Administrator if you have questions about the provisions of your specific investment arrangements.
Types of contributions. The following types of contributions are allowed under this Plan:

- Employee elective deferrals
- Employee rollover contributions
- Employer matching contributions
- Employer nonelective contributions

ARTICLE I
PARTICIPATION IN THE PLAN

How do I participate in the Plan?

Provided you are not an Excluded Employee, you can begin participating under the Plan once you have satisfied the eligibility requirements and reached your Entry Date for the contribution type described below, except as indicated below for reclassified employees. The following describes Excluded Employees, the eligibility requirements and Entry Dates that apply. You should contact the Plan Administrator if you have questions about the timing of your Plan participation.

Elective Deferrals

Eligibility Conditions. You will be eligible to participate in elective deferrals on your date of hire, which is your Entry Date. Deferrals will begin as soon as administratively feasible following your Entry Date.

Entry Date. For purposes of elective deferrals, your Entry Date will be your date of hire.

Excluded Employees. If you are a member of a class of employees identified below, you are an Excluded Employee and you are not entitled to participate in the Plan for purposes of elective deferrals.

Ineligible Employee classifications are listed on the E-class Eligibility Report maintained by the Division of Human Resources, as such report may be changed from time to time. Each ineligible Employee classification is due to one of the following: Student Employee status and part-time status normally working less than 20 hours per week. See the Plan Administrator for additional information if you are not sure if this affects you.

Matching Contributions

Excluded Employees. If you are a member of a class of employees identified below, you are an Excluded Employee and you are not entitled to participate in the Plan for purposes of matching contributions. The employees who are excluded are:

Ineligible Employee classifications are listed on the E-class Eligibility Report maintained by the Division of Human Resources, as such report may be changed
from time to time. Each ineligible Employee classification is due to one of the following: Student Employee status and part-time status normally working less than 20 hours per week. See the Plan Administrator for additional information if you are not sure if this affects you.

**Eligibility Conditions.** You will be eligible to participate in the Plan for purposes of matching contributions when you have satisfied the following eligibility condition(s). However, you will actually participate in matching contributions once you reach the Entry Date as described below.

- attainment of age 26

**Entry Date.** For purposes of matching contributions, your Entry Date will be the later of your date of hire or the payroll period in which you attain age 26.

**Nonelective Contributions**

**Excluded Employees.** If you are a member of a class of employees identified below, you are an Excluded Employee and you are not entitled to participate in the Plan for purposes of nonelective contributions. The employees who are excluded are:

Fold

Ineligible Employee classifications are listed on the E-class Eligibility Report maintained by the Division of Human Resources, as such report may be changed from time to time. Each ineligible Employee classification is due to one of the following: Student Employee status, part-time status normally working less than 20 hours per week, or union Employee status and participating in a union sponsored retirement plan. See the Plan Administrator for additional information if you are not sure if this affects you.

**Eligibility Conditions.** You will be eligible to participate in the Plan for purposes of nonelective contributions when you have satisfied the following eligibility condition(s). However, you will actually participate in nonelective contributions once you reach the Entry Date as described below.

- attainment of age 26

**Entry Date.** For purposes of nonelective contributions, your Entry Date will be the later of your date of hire or the payroll period in which you attain age 26.

**Reclassified Employee**

Regardless of the above, if it is determined that your Employer erroneously classified you as a non-Employee because you performed services as an independent contractor or consultant and it is determined by a court or a governmental entity that you should have been treated as an Employee, you are not entitled to participate in the Plan.
What happens if I'm a Participant, terminate employment and then I'm rehired?

If you are no longer a Participant because of a termination of employment, and you are rehired, then you will be able to participate in the Plan on the date on which you are rehired if you are otherwise eligible to participate in the Plan.

ARTICLE II
EMPLOYEE CONTRIBUTIONS

What are elective deferrals and how do I contribute them to the Plan?

Elective Deferrals. As a Participant under the Plan, you may elect to reduce your compensation by a specific whole percentage and have that amount contributed to the Plan on a pre-tax basis as an elective deferral. Your taxable income is reduced by the elective deferral contribution so you pay less in federal income taxes (however, the amount you defer is still counted as compensation for purposes of Social Security taxes). Later, when the Plan distributes the elective deferrals and earnings, you will pay the taxes on those elective deferrals and the earnings. Therefore, federal income taxes on the elective deferral contributions and on the earnings are only postponed. Eventually, you will have to pay taxes on these amounts.

You will always be 100% vested in your elective deferrals (see the Article in this Summary entitled "Vesting").

Elective Deferral procedure. The amount you elect to defer will be deducted from your pay in accordance with a procedure established by the Plan Administrator. If you wish to defer, the procedure will require that you enter into a Salary Reduction Agreement. You may elect to defer a percentage of your compensation payable on or after your Entry Date. Such election will become effective as soon as administratively feasible after it is received by the Plan Administrator. Your election will generally remain in effect until you modify or terminate it.

Elective Deferral modifications. You may revoke or make modifications to your salary deferral election in accordance with procedures that the Employer provides. See the Plan Administrator for further information.

Elective Deferral Limit. As a Participant, you may elect to defer a percentage of your compensation each year instead of receiving that amount in cash. Your deferral percentage must be a whole number. Your total elective deferrals in any taxable year cannot exceed a dollar limit, which is set by law. The limit for 2021 is $19,500. After 2021, the dollar limit may increase for cost-of-living adjustments. See the paragraph below on Annual dollar limit.

Age 50 Catch-Up Deferrals. If you are at least age 50 or will attain age 50 before the end of a calendar year, then you may elect to defer additional amounts (called Age 50 Catch-Up Deferrals) to the Plan as of the January 1st of that year. You can defer the
additional amounts regardless of any other limitations on the amount you can defer to the Plan. The maximum Age 50 Catch-Up Deferrals that you can make for any year is subject to a dollar limit set by law, which may increase for cost-of-living adjustments. For 2021 the limit is $6,500.

**Annual dollar limit.** You should also be aware that each separately stated annual dollar limit on the amount you may defer (the annual deferral limit and the "catch-up contribution" limit) is a separate aggregate limit that applies to all such similar salary deferral amounts and "catch-up contributions" you may make under this Plan and any other cash or deferred arrangements (including other tax-sheltered 403(b) annuity contracts, simplified employee pensions or 401(k) plans) in which you may be participating. Generally, if an annual dollar limit is exceeded, then the excess must be returned to you in order to avoid adverse tax consequences. For this reason, it is desirable to request in writing that any such excess salary deferral amounts and "catch-up contributions" be returned to you.

If you are in more than one plan, you must decide which plan or arrangement you would like to return the excess. If you decide that the excess should be distributed from this Plan, you must communicate this in writing to the Plan Administrator no later than the March 1st following the close of the calendar year in which such excess deferrals were made. However, if the entire dollar limit is exceeded in this Plan or any other plan the Employer maintains, then you will be deemed to have notified the Plan Administrator of the excess. The excess deferral and any earnings will be returned to you by April 15th.

**What are rollover contributions?**

**Rollover contributions.** Subject to the provisions of your investment arrangements and at the discretion of the Plan Administrator, if you are a Participant in the Plan, you might be permitted to deposit into the Plan distributions you have received from other plans and certain IRAs. Such a deposit is called a "rollover" contribution and might result in tax savings to you. You may ask the Plan Administrator of the other plan or the trustee or custodian of the IRA to directly transfer (a "direct rollover") to this Plan all or a portion of any amount that you are entitled to receive as a distribution from such plan. Alternatively, you may elect to deposit any amount eligible to be rolled over within 60 days of your receipt of the distribution. You should consult qualified counsel to determine if a rollover is in your best interest.

**Rollover account.** Your rollover contribution will be accounted for in a "rollover account." You will always be 100% vested in your "rollover account" (see the Article in this Summary entitled "Vesting"). Rollover contributions will be affected by any investment gains or losses.

**Withdrawal of rollover contributions.** You may withdraw the amounts in your "rollover account" at any time.
ARTICLE III
EMPLOYER CONTRIBUTIONS

This Article describes Employer contributions that might be made to the Plan and how your share of the contributions is determined.

What is the Employer matching contribution and how is it allocated?

Amounts taken into account. Matching contributions are only based on your pre-tax deferrals.

Matching Contribution. If you are eligible for Matching Contributions, the Employer will make a Matching Contribution equal to two times the percentage of compensation you elect to defer up to 5% of compensation. In all events, the Matching Contribution shall not exceed 10% for any deferral elections that are 5% of compensation or more. The Matching Contribution is made on a payroll basis, with no true-up unless the Participant reaches the Code Section 402(g) maximum deferral amount before he or she has been credited with the maximum Matching Contribution.

Allocation conditions. You will always share in the matching contribution regardless of the amount of service you complete during the Plan Year.

What is the Employer nonelective contribution and how is it allocated?

Nonelective contribution for disabled Participant. If you elected Insurance Coverage that includes a disability benefit, then the Employer will make a nonelective contribution to your account equal to the amount that the Employer receives from the Insurance Company. The Insurance Company will pay a Monthly Annuity Contribution Benefit if the Employee is covered under the Policy and has met the terms and conditions below:

1. The Employee is making Salary Deferral Contributions to Employer's 403(b) retirement plan on the date of "disability" as defined in the LTD contract
2. The Employee is considered Disabled and Disability Benefits are payable to the Employee under the policy.
3. The Disability has extended for the longer of (i) 60 calendar days or (ii) the applicable Elimination Period.

This contribution will be equal to the amount of the Monthly Annuity Contribution Benefit will equal the Employee's contribution plus the Employer's contribution, up to a combined maximum of 15% of the Employee's Covered Earnings amount in effect just prior to the date Disability begins, or if less, the amount received by the Employer from the Insurance Company to fund this benefit.
What are forfeitures and how are they used?

**Definition of forfeitures.** In order to reward employees who remain employed with your Employer for a long period of time, the law permits a "vesting schedule" to be applied to certain contributions that your Employer makes to the Plan. This means that you will not be entitled to ("vested in") all of the contributions until you have been employed with your Employer for a specified period of time (see the Article in this Summary entitled "Vesting"). If a Participant terminates employment before being fully vested, then the non-vested portion of the terminated Participant's account balance remains in the Plan and is called a forfeiture. Forfeitures might be used by the Plan for several purposes.

**Use of forfeitures.** Forfeitures might first be used to pay Plan expenses, then used to reduce the Employer’s matching contribution.

### ARTICLE IV
**COMPENSATION AND ACCOUNT BALANCE**

What compensation is used to determine my Plan benefits?

**Definition of compensation.** Compensation is defined as your total compensation that is subject to income tax and paid to you by your Employer for the Plan Year.

**Adjustments to compensation.** Regardless of the definition of compensation, the following adjustments will be made:

- elective deferrals to this Plan and to any other plan or arrangement (such as a cafeteria plan) will be included.
- compensation paid while not a Participant in the component of the Plan for which compensation is being used will be excluded.
- reimbursements or other expense allowances, fringe benefits, moving expenses, deferred compensation, and welfare benefits will be excluded.
- wages earned by the Employee when working in an ineligible position as shown on the E-Class Eligibility Report and supplemental compensation included on the list maintained by the Division of Human Resources will be excluded.
- cash out of illness day bank will be excluded.
- compensation paid after you terminate is generally excluded for Plan purposes. However, the following amounts will be included in compensation even though they are paid after you terminate employment, provided these amounts would otherwise have been considered compensation as described above and provided they are paid within 2 1/2 months after you terminate employment, or if later, the last day of the Plan Year in which you terminate employment:
• compensation paid for services performed during your regular working hours, or for services outside your regular working hours (such as overtime or shift differential), or other similar payments that would have been made to you had you continued employment.

• compensation paid for unused vacation or other leave, if such amounts would have been included in compensation if paid prior to your termination of employment and you would have been able to use the leave if employment had continued.

• nonqualified unfunded deferred compensation if the payment is includible in gross income and would have been paid to you had you continued employment.

Is there a limit on the amount of compensation that can be considered?

The Plan, by law, cannot recognize annual compensation in excess of a certain dollar limit. The limit for the Plan Year beginning in 2021 is $290,000. After 2021, the dollar limit might increase for cost-of-living adjustments.

Is there a limit on how much can be contributed to my account each year?

The law imposes a limit on the amount of contributions (both Employer contributions and elective deferrals, but excluding Age 50 Catch-Up Deferrals) that may be made to your accounts during a year. For 2021, this total cannot exceed the lesser of $58,000 or 100% of your includible compensation (generally your compensation for the prior 12-month period, as limited under the previous question). After 2021, the dollar limit might increase for cost-of-living adjustments.

The above limit may also need to be applied by taking into account contributions made to other retirement plans in which you are a participant. If you have more than 50% control of a corporation, partnership, and/or sole proprietorship, then the above limit is based on contributions made in this Plan as well as contributions made to any 403(b) or qualified plans maintained by the businesses you control. If you control another business that maintains a plan in which you participate, then you are responsible for providing the Plan Administrator with information necessary to apply the annual contribution limits. If you fail to provide necessary and correct information to the Plan Administrator, it could result in adverse tax consequences to you, including the inability to exclude contributions to the Plan from your gross income for tax purposes.

How is the money in the Plan invested?

The Plan assets may be invested in mutual funds and Annuity Contracts. See the Plan Administrator for further details regarding permissible investments.

You will be able to direct the investment of your Plan account, including your elective deferrals. The Plan Administrator will provide you with information on the investment choices available to you, the frequency with which you can change your investment
choices and other information. If you do not direct the investment of your Plan account, then your account will be invested in accordance with the default investment alternatives your Employer establishes under the Plan. These default investments will be made in accordance with specific rules under which the fiduciaries of the Plan, including your Employer and the Plan Administrator, will be relieved of any legal liability for any losses resulting from the default investments. The Plan Administrator has or will provide you with a separate notice which details these default investments and your right to switch out of the default investment if you so desire.

When you direct investments, your account is segregated for purposes of determining the earnings or losses on these investments. Your account does not share in the investment performance for other Participants who have directed their own investments.

You should remember that the amount of your benefits under the Plan will depend in part upon your choice of investments. Gains as well as losses can occur and your Employer and the Plan Administrator will not provide investment advice or guarantee the performance of any investment you choose.

Periodically, you will receive a benefit statement that provides information on your account balance and your investment returns. It is your responsibility to notify the Plan Administrator of any errors you see on any statements within 30 days after the statement is provided or made available to you.

**Will Plan expenses be deducted from my account balance?**

**Expenses allocated to all accounts.** Subject to the terms of the investment arrangements funding the Plan, the Plan might pay some or all Plan related expenses except for a limited category of expenses which the law requires your Employer to pay. The category of expenses which your Employer must pay are known as "settlor expenses." Generally, settlor expenses relate to the design, establishment or termination of the Plan. See the Plan Administrator for more details. The expenses charged to the Plan might be charged pro rata to each Participant in relation to the size of each Participant's account balance or might be charged equally to each Participant. In addition, some types of expenses might be charged only to some Participants based upon their use of a Plan feature or receipt of a Plan distribution. Finally, the Plan might charge expenses in a different manner as to Participants who have terminated employment with your Employer versus those Participants who remain employed with your Employer.

**Terminated employee.** After you terminate employment, subject to the terms of the investment arrangements funding the Plan, your Employer reserves the right to charge your account for your pro rata share of the Plan's administration expenses, regardless of whether your Employer pays some of these expenses on behalf of current employees.

**Expenses allocated to individual accounts.** There are certain other expenses that might be paid just from your account subject to the terms of the investment arrangements funding the Plan. These are expenses that are specifically incurred by, or attributable to, you. For example, if you are married and get divorced, the Plan might incur additional
expenses if a court mandates that a portion of your account be paid to your ex-spouse. These additional expenses might be paid directly from your account (and not the accounts of other Participants) because they are directly attributable to you under the Plan. The Plan Administrator will inform you when there will be a charge (or charges) directly to your account.

Your Employer might, from time to time, change the manner in which expenses are allocated.

ARTICLE V
VESTING

What is my vested interest in my account?

In order to reward employees who remain employed with your Employer for a long period of time, the law permits a "vesting schedule" to be applied to certain contributions that your Employer makes to the Plan. This means that you will not be entitled to ("vested in") all of the contributions until you have been employed with your Employer for a specified period of time.

100% vested contributions. You are always 100% vested (which means that you are entitled to all of the amounts) in your accounts attributable to the following contributions:

- elective deferrals including catch-up contributions
- rollover contributions
- Nonelective contributions for disabled Participant

Vesting schedule. Your "vested percentage" of your Employer matching contributions is based on vesting Periods of Service. This means at the time you stop working, your account balance attributable to matching contributions is multiplied by your vested percentage. The result, when added to the amounts that are always 100% vested, is your vested interest in the Plan, which is what you will actually receive from the Plan. You will always, however, be 100% vested in all of your contributions if you are employed on or after your Normal Retirement Age or if you terminate employment on account of your death or as a result of becoming disabled.

Matching Contributions

Your "vested percentage" in your account attributable to matching contributions is determined under the following schedule.
How is my service determined for vesting purposes?

**Period of Service.** You will be credited with a Period of Service for each twelve-month period from your date of hire until the date your employment terminates. The Plan Administrator will track your service and will credit you with a Period of Service in accordance with the terms of the Plan. If you have any questions regarding your vesting service, you should contact the Plan Administrator.

What service is counted for vesting purposes?

**Service with your Employer.** In calculating your vested percentage, all service you perform for your Employer will generally be counted. However, there are some exceptions to this general rule.

**Excluded vesting service provisions**

No period of service prior to a break in service of at least five consecutive years shall be counted in determining whether an employee is vested in Employer matching contributions made after the employee's rehire date.

Service with the Employer in an ineligible classification is excluded for vesting purposes.

**Service with Predecessor Employer.** For vesting purposes, your Periods of Service with the following Employers will be counted. See the Plan Administrator for details if you think you might be affected by this provision.

- you will receive credit for service with a previous Employer for vesting and/or Matching Contribution for Allocation purposes, provided the following conditions are met:
  - The previous Employer is:
    - an institution of higher learning (e.g. college or university), or
    - a non-profit educational institution (e.g. K-12 school district), or
    - a tax-exempt organization which is affiliated with higher education (e.g. a non-profit teaching hospital);
o the Employee worked 50% or more time;

o service was in a position other than as a graduate student, graduate assistant, part-time faculty, student assistant, temporary employee or volunteer faculty;

o the time worked at the predecessor Employer is within 3 years prior to the Employee's WSU hire date;

o the Employee's letter requesting crediting of predecessor service is submitted within 90 days of the Employee's WSU hire date.

**Military Service.** If you are a veteran and are reemployed under the Uniformed Services Employment and Reemployment Rights Act of 1994, your qualified military service might be considered service with your Employer. If you might be affected by this law, ask the Plan Administrator for further details.

**What happens to my non-vested account balance if I terminate? What if I am rehired?**

If you have no vested interest in the Plan when you leave, your account balance will be forfeited.

If you are partially vested in your account balance when you leave, the non-vested portion of your account balance will be forfeited on the earlier of the date:

(a) of the distribution of your vested account balance, or

(b) when you incur a one-year Break in Service.

However, if you are rehired before incurring five consecutive Breaks in Service, and your status as a “rehire” is noted on your new election form, your forfeited account balance as of the date of forfeiture will be restored, unadjusted for any gains or losses.

**ARTICLE VI**

**DISTRIBUTIONS PRIOR TO TERMINATION OF EMPLOYMENT**

The Individual Agreements governing the investment options that you selected for your Plan contributions might contain additional limits on when you can take a distribution, the form of distribution that is available as well as your right to transfer among approved investment options. Please review both the following information in this Summary of Plan Provisions and the terms of your annuity contracts or custodial agreements before requesting a distribution. Contact your Employer or the investment vendor if you have questions regarding your distribution options.

**Can I withdraw money from my account while working?**
In-service distributions. You may be entitled to receive an in-service distribution. However, this distribution is not in addition to your other benefits and will therefore reduce the value of the benefits you will receive at retirement. This distribution is made at your election subject to possible administrative limitations on the frequency and actual timing of such distributions.

Conditions. Generally, you may receive a distribution from certain accounts prior to termination of employment provided you satisfy any of the following conditions:

- you have attained age 59 1/2. Satisfying this condition allows you to receive distributions from all contribution accounts.
- you have incurred a financial hardship as described below.
- you incur a disability (as defined in the Plan). Satisfying this condition allows you to receive distributions from all contribution accounts.

Qualified reservist distributions. If you: (i) are a reservist or National Guardsman; (ii) were/are called to active duty after September 11, 2001; and (iii) were/are called to duty for at least 180 days or for an indefinite period, you may take a distribution of your elective deferrals under the Plan while you are on active duty, regardless of your age. The 10% premature federal distribution penalty tax, normally applicable to Plan distributions made before you reach age 59 1/2, will not apply to the distribution. You also may repay the distribution to an IRA, without limiting amounts you otherwise could contribute to the IRA, provided you make the repayment within 2 years following your completion of active duty.

Distributions for deemed severance of employment. If you are on active military duty for more than 30 days, then the Plan generally treats you as having severed employment for purposes of receiving a distribution from the Plan from elective deferrals. If you request a distribution on account of this deemed severance of employment, then you are not permitted to make any contributions to the Plan for six (6) months after the date of the distribution.

Additional in-service conditions. The following additional conditions apply to in-service distributions from certain accounts:

- In-service distributions can only be made from accounts which are 100% vested.

Withdrawal of rollover contributions. You may withdraw amounts in your "rollover account" at any time.

Can I withdraw money from my account in the event of financial hardship?

Hardship distributions. You may withdraw money on account of financial hardship if you satisfy certain conditions, subject to any rules and conditions set forth in the investment arrangements. This hardship distribution is not in addition to your other benefits and will therefore reduce the value of the benefits you will receive upon
termination of employment or other event entitling you to distribution of your account balance. You may not receive a hardship distribution from your matching account or qualified nonelective contribution account, if any.

**Qualifying expenses.** A hardship distribution may be made to satisfy certain immediate and heavy financial needs that you have. A hardship distribution may only be made for payment of the following:

- Expenses for medical care (described in Section 213(d) of the Internal Revenue Code) for you, your spouse, your dependents or your beneficiary.
- Costs directly related to the purchase of your principal residence (excluding mortgage payments).
- Tuition, related educational fees, and room and board expenses for the next twelve (12) months of post-secondary education for you, your spouse, your children, your dependents or your beneficiary.
- Amounts necessary to prevent your eviction from your principal residence or foreclosure on the mortgage of your principal residence.
- Payments for burial or funeral expenses for your deceased parent, spouse, children, your dependents or your beneficiary.
- Expenses for the repair of damage to your principal residence (that would qualify for the casualty loss deduction under Internal Revenue Code Section 165).

**Beneficiary Hardship.** A beneficiary is someone you designate under the Plan to receive your death benefit who is not otherwise your spouse or dependent.

**Conditions.** If you have any of the above expenses, a hardship distribution can only be made if you certify and agree that all of the following conditions are satisfied:

(a) The distribution is not in excess of the amount of your immediate and heavy financial need. The amount of your immediate and heavy financial need may include any amounts necessary to pay any federal, state, or local income taxes or penalties reasonably anticipated to result from the distribution; and

(b) You have obtained all distributions, other than hardship distributions.

**Account restrictions.** You may request a hardship distribution only from the vested portion of the following accounts:

- accounts attributable to elective deferrals
**Restricted Amounts.** There are additional restrictions placed on hardship distributions from certain accounts (referred to as "Restricted Accounts"). Restricted Accounts include your elective deferrals and any qualified nonelective contributions. Generally, the only amounts that can be distributed to you from these Restricted Accounts are your elective deferrals (earnings on your elective deferrals cannot be withdrawn for a hardship). Ask the Plan Administrator if you need further details.

**ARTICLE VII**

**DISTRIBUTIONS UPON TERMINATION OF EMPLOYMENT**

To the extent permitted in the investment arrangements, the provisions in this Article apply to distributions from the Plan following termination of employment.

**When can I get money out of the Plan?**

You might be able to receive a distribution of the vested portion of some or all of your accounts in the Plan when you terminate employment with your Employer. The rules regarding the payment of death benefits to your beneficiary are described in the Article in this Summary entitled "Distributions upon Death."

If you terminate employment, you will be entitled to a distribution within a reasonable time after your termination. You must consent to this distribution. (See the question "How will my benefits be paid?" for a further explanation of how benefits are paid from the Plan.)

**Military Service.** If you are a veteran and are reemployed under the Uniformed Services Employment and Reemployment Rights Act of 1994, your qualified military service may be considered service with your Employer. There might also be benefits for employees who die or become disabled while on active duty. Employees who receive wage continuation payments while in the military may benefit from various changes in the law. If you think you may be affected by these rules, ask the Plan Administrator for further details.

**What is Normal Retirement Age and what is the significance of reaching Normal Retirement Age?**

**Normal Retirement Age.** Your Normal Retirement Age is Age 65 plus two years of vesting service.

**Payment of benefits.** You will become 100% vested in all of your accounts under the Plan (assuming you are not already fully vested) if you are employed on or after your Normal Retirement Age. However, the actual payment of benefits generally will not begin until you have terminated employment. In such event, a distribution will be made, at your election, as soon as administratively feasible. If you remain employed past your Normal Retirement Age, you may generally defer the receipt of benefits until you actually terminate employment. In such event, benefit payments will begin as soon as feasible at your request, but generally not later than the age at which minimum distributions are
required (age 72 as of January 1, 2020). (See the question entitled "How will my benefits be paid to me?" for an explanation of how these benefits will be paid.)

**When am I considered to be disabled under the Plan?**

**Definition of disability.** Under the Plan, disability is defined as the inability to engage in any substantial gainful activity by reason of any medically determinable physical or mental impairment that can be expected to result in death or which has lasted or can be expected to last for a continuous period of not less than twelve months. The permanence and degree of such impairment must be supported by medical evidence. The Plan Administrator may require that your disability be determined by a licensed physician.

If you become disabled while an employee, you will become 100% vested in all of your accounts under the Plan.

**How will my benefits be paid to me?**

The following provisions apply to the extent permitted under the investment arrangements in which the plan assets are invested.

**Lump-sum distributions.** If you terminate employment and your vested account balance does not exceed $5,000, then your vested account balance might only be distributed to you in a single lump-sum payment.

**Distribution methods.** If you terminate employment and your vested account balance exceeds $5,000 (or another amount as provided in your investment arrangement), then your vested account balance might be distributed to you under any method permitted under your investment arrangements, including the following:

- a single lump-sum payment
- installments over a period of not more than your assumed life expectancy (or the assumed life expectancies of you and your beneficiary)
- ad-hoc distributions. You may request a distribution of some or all of your Plan accounts, at any time following your termination of employment, subject to any reasonable limits regarding timing and amounts as the Plan Administrator or your investment arrangements may impose.

**Required beginning date.** There are rules that require that certain minimum distributions be made from the Plan. Distributions are required to begin no later than the April 1st following the end of the year in which you reach the age at which minimum distributions are required (age 73 as of January 1, 2023) or terminate employment, whichever is later. You should see the Plan Administrator if you think you might be affected by these rules.
ARTICLE VIII
DISTRIBUTIONS UPON DEATH

What happens if I die while working for the Employer?

If you die while still employed by the Employer, then your vested account balance will be used to provide your beneficiary with a death benefit.

Who is the beneficiary of my death benefit?

Beneficiary designation. You may designate a beneficiary of your choosing.

Divorce. If you have designated your spouse as your beneficiary for all or a part of your death benefit, then upon your divorce, the designation is no longer valid. This means that if you do not select a new beneficiary after your divorce, then you are treated as not having a beneficiary for that portion of the death benefit.

No beneficiary designation. Subject to the terms of the investment arrangements, at the time of your death, if you have not designated a beneficiary or your beneficiary is not alive, then 100% of your death benefit will be paid to your estate.

How will the death benefit be paid to my beneficiary?

Distribution methods. The death benefit will be distributed to your beneficiary in any of the distribution methods that are available to you.

When must payments be made to my beneficiary (required minimum distributions)?

If your designated beneficiary is a person (other than your estate or most trusts) then minimum distributions of your death benefit must generally begin within one year of your death and must be paid over a period not extending beyond your beneficiary's life expectancy. If your spouse is the beneficiary, the start of payments may be delayed until the year in which you would have attained the age at which minimum distributions are required (age 72 as of January 1, 2020).

Generally, if you die before you are required to begin minimum distributions (which for most people is shortly after the later of age 72 or retirement) and your beneficiary is not a person, then your entire death benefit must be paid within five years after your death. Some investment products may allow a person to use this five-year rule. See the Plan Administrator for further details.

What happens if I terminate employment, commence required minimum distribution payments and then die before receiving all of my benefits?

Your beneficiary will be entitled to your remaining vested interest in the Plan at the time of your death. Payments must generally come out at least as rapidly as the required minimum distributions. See the Plan Administrator for more information regarding the
timing and method of payments that apply to your beneficiary. The provision in the Plan providing for full vesting of your benefit upon death does not apply if you die after terminating employment.

ARTICLE IX
TAX TREATMENT OF DISTRIBUTIONS

What are my tax consequences when I receive a distribution from the Plan?

Generally, you must include any Plan distribution in your taxable income in the year in which you receive the distribution. The tax treatment may also depend on your age when you receive the distribution. Certain distributions made to you when you are under age 59 1/2 could be subject to an additional federal 10% penalty tax.

Qualified reservist distributions. If you: (i) are a reservist or National Guardsman; (ii) were/are called to active duty after September 11, 2001; and (iii) were/are called to duty for at least 180 days or for an indefinite period, you may take a distribution of your elective deferrals under the Plan while you are on active duty, regardless of your age. The 10% premature distribution federal penalty tax, normally applicable to Plan distributions made before you reach age 59 1/2, will not apply to the distribution. You also may repay the distribution to an IRA, without limiting amounts you otherwise could contribute to the IRA, provided you make the repayment within 2 years following your completion of active duty.

Can I elect a rollover to reduce or defer tax on my distribution?

Rollover or Direct Transfer. You may reduce, or defer entirely, the tax due on your distribution through use of one of the following methods:

(a) **60-day rollover.** You may roll over all or a portion of the distribution to an Individual Retirement Account or Annuity (IRA) or another employer retirement plan willing to accept the rollover. This will result in no tax being due until you begin withdrawing funds from the IRA or other qualified employer plan. The rollover of the distribution, however, MUST be made within strict time frames (normally, within 60 days after you receive your distribution). Under certain circumstances, all or a portion of a distribution (such as a hardship distribution) may not qualify for this rollover treatment. In addition, most distributions will be subject to mandatory federal income tax withholding at a rate of 20%. This will reduce the amount you actually receive. For this reason, if you wish to roll over all or a portion of your distribution amount, then the direct rollover option described in paragraph (b) below would be the better choice.

(b) **Direct rollover.** For most distributions, you may request that a direct transfer (sometimes referred to as a direct rollover) of all or a portion of a distribution be made to either an Individual Retirement Account or Annuity (IRA) or another employer retirement plan willing to accept the transfer. A direct transfer will result in no tax being due until you withdraw funds from the IRA or other employer plan. Like the 60-day rollover, under certain
circumstances all or a portion of the amount to be distributed may not qualify for this direct transfer. If you elect to actually receive the distribution rather than request a direct transfer, then in most cases 20% of the distribution amount will be withheld for federal income tax purposes.

**Tax Notice.** WHENEVER YOU RECEIVE A DISTRIBUTION THAT IS AN ELIGIBLE ROLLOVER DISTRIBUTION, THE PLAN ADMINISTRATOR WILL DELIVER TO YOU A MORE DETAILED EXPLANATION OF THESE OPTIONS. HOWEVER, THE RULES WHICH DETERMINE WHETHER YOU QUALIFY FOR FAVORABLE TAX TREATMENT ARE VERY COMPLEX. YOU SHOULD CONSULT WITH QUALIFIED TAX COUNSEL BEFORE MAKING A CHOICE.

**ARTICLE X**
**LOANS**

Is it possible to borrow money from the Plan?

Yes, it is possible to borrow money from the Plan. Loans are permitted in accordance with the Plan Loan Policy and subject to the limitations of your investment arrangements.

**ARTICLE XI**
**CLAIMS PROCEDURES**

What happens if a domestic relations order is issued with respect to my benefits in the Plan?

The Plan Administrator must honor a domestic relations order (DRO). A DRO is defined as a decree or order issued by a court that obligates you to pay child support or alimony, or otherwise allocates a portion of your assets in the Plan to your spouse, former spouse, children or other dependents (referred to as alternate payees). If a DRO is received by the Plan Administrator, all or a portion of your benefits may be used to satisfy that obligation. The Plan Administrator will determine the validity of any domestic relations order received. You and your beneficiaries can obtain from the Plan Administrator, without charge, a copy of the procedure used by the Plan Administrator to determine whether a domestic relations order is valid.

Can the Employer amend the Plan?

Your Employer has the right to amend the Plan at any time. In no event, however, will any amendment authorize or permit any part of the Plan assets to be used for purposes other than the exclusive benefit of Participants or their beneficiaries. Additionally, no amendment will cause any reduction in the amount credited to your account.
What happens if the Plan is discontinued or terminated?

Although your Employer intends to maintain the Plan indefinitely, your Employer reserves the right to terminate the Plan at any time. Upon termination, no further contributions will be made to the Plan and all amounts credited to your accounts will become 100% vested. Your Employer will direct the distribution of your accounts in a manner permitted by the Plan as soon as practicable. You will be notified if the Plan is terminated.

How do I submit a claim for Plan benefits?

You may file a claim for benefits by submitting a written request for benefits to the Plan Administrator. You should contact the Plan Administrator to see if there is an applicable distribution form that must be used. If no specific form is required or available, then your written request for a distribution will be considered a claim for benefits. In the case of a claim for disability benefits, if disability is determined by the Plan Administrator (rather than by a third party such as the Social Security Administration), then you must also include with your claim sufficient evidence to enable the Plan Administrator to make a determination on whether you are disabled.

What if my benefits are denied?

Your request for Plan benefits will be considered a claim for Plan benefits, and it will be subject to a full and fair review. If your claim is wholly or partially denied, the Plan Administrator will provide you with a written or electronic notification of the Plan's adverse determination.

ARTICLE XII
GENERAL INFORMATION ABOUT THE PLAN

There is certain general information which you may need to know about the Plan. This information has been summarized for you in this Article.

Plan Name

The full name of the Plan is the Tax-Sheltered 403(b) Annuity and Custodial Account Retirement Program.

Plan Effective Dates

This Plan was originally effective on January 1, 1960. The Plan has been amended since it was originally effective and this Summary reflects the provisions of the Plan in effect as of January 1, 2020.
Other Plan Information

Plan Year. The Plan's records are maintained on a twelve-month period of time. This is known as the Plan Year. The Plan Year ends on December 31st.

The Plan will be governed by the laws of the state of the Employer's principal place of business to the extent not governed by federal law.

Employer Information

The Employer's name, address, business telephone number and identification number are:

Wayne State University
5700 Cass Avenue, Suite 3638
Detroit, Michigan 48202
313-577-3000
38-6028429

Plan Administrator Information

The Plan Administrator is responsible for the day-to-day administration and operation of the Plan. For example, the Plan Administrator maintains the Plan records, including your account information, provides you with the forms you need to complete for Plan participation, and directs the payment of your account at the appropriate time. If you have any questions about the Plan or your participation, you should contact the Plan Administrator. The Plan Administrator may designate other parties to perform some duties of the Plan Administrator, and some duties are the responsibility of the investment provider(s) to the Plan. Your Employer has delegated its authority as Plan Administrator to a Committee consisting of the Associate Vice President of Human Resources and the Director, Benefits & Wellness, and any individuals appointed by the members of the Committee.

The name, address and business telephone number of the Plan's Administrator are:

Contact: Total Rewards (a Division of the HR Department)
Address: 5700 Cass Avenue, Suite 3638
Detroit, Michigan 48202
Telephone: 313-577-3000
